CROSS EXAMINATION AND IMPEACHMENT *for the Defense*

at The Center for American and International Law
Plano, Texas

This program is both for lawyers who are experienced in cross examination techniques and those who are not. It is for gifted cross examiners and those who find it more difficult. For years, many lawyers believed that the ability to effectively cross examine a witness was an art, either you had "it" or you didn't. This myth was dispelled in the early 1990s by lawyers who understood that an effective cross examination was based on techniques that could be acquired. The well trained lawyer could learn to use the "closed cross examination" characterized by leading questions that contained only one fact per question.

This program features both lectures and trial practice sessions. We are very pleased to have with us one of the country's leading authorities on cross examination. Terence F. MacCarthy is Executive Director of the Federal Public Defender Program in Chicago. On day one Mr. MacCarthy will discuss successful techniques to enhance your ability to effectively cross examine a witness. Day-two will focus on small group practice sessions.
