## COURSE OVERVIEW

12/3 - 12/4

### Contemporary Issues and Ethics Conference

“Law Enforcement’s New World - Emotional Survival, Technology, and Pandemics”

The emphasis on emotional and physical health of first responders, the impact of COVID-19 on law enforcement operations nationwide, and the growing use of advanced technologies has made 2020 a year of “living in interesting times.” This year’s Contemporary Issues Conference promises a look at these contemporary issues and an examination of what is to come. Join us for two days of informative, thought provoking, and challenging discussion.

Active members of the ILEA Alumni Association have their registration fee waived, and may attend an association luncheon on December 3rd.
