**LAW ENFORCEMENT
ADMINISTRATION**

Innovations in Police Technology

LEADERSHIP DEVELOPMENT SERIES

MARCH 5 | PLANO, TX

Gain valuable insights, earn TCOLE credits, and prepare your team for the future of law enforcement technology.

Dive into the latest in technology systems integration, AI-enhanced security, and more. This program is designed for law enforcement leaders interested in technological advancements and their impact on law enforcement.

Why Attend?

- **Expert Insights:** Learn from the forefront of technological innovation with speakers from Active Intelligence, Convergent Technologies, and more.
- **Earn Credits:** Secure 6 hours of TCOLE credit to advance your professional development.
- **Innovative Solutions:** Discover how to leverage technology for enhanced security and efficiency in law enforcement operations.
- **Mission Focus:** Learn how the creative application of emerging technologies can shape how you better protect your communities, your teams, and your physical assets to meet mission success!
