THE INSTITUTE FOR LAW ENFORCEMENT ADMINISTRATION

DR. RICHARD N. HOLDEN, EDITOR

NOTES AND HOPES

Our Purpose

The purpose of a newsletter is to provide information to our friends in law enforcement. As the world faces a health crisis that is unprecedented in modern times, law enforcement will come under increased stress. This will test the leadership ability of public service agencies like it has never been tested. During this crisis, we at the Institute for Law Enforcement Administration, will do all we can to help.

ILEA Update

In alignment with The Center for American and International Law, ILEA has decided to place all programs on hold for the time being. We are monitoring the situation concerning COVID-19 and will resume normal operations as soon as safety allows.

"LEADERSHIP IS A MATTER OF HAVING PEOPLE LOOK AT YOU AND GAIN CONFIDENCE, SEEING HOW YOU REACT. IF YOU'RE IN CONTROL, THEY'RE IN CONTROL."

- Tom Landry

FROM THE DIRECTOR

Words cannot express our appreciation for the courage and dedication of law enforcement at this difficult time. Never in history have the emotional and physical risks confronting law enforcement been more apparent than now. Know that our hopes and prayers are with you.

Gregory Smith, M.A., Director
