### CLE/CPD CREDITS GENERALLY

All Workshop programs listed below are approved by the State Bar of Texas for participatory MCLE credit, both for viewing online and on USB. Because requirements vary, viewers seeking CLE credit in other states or countries must make their own enquiries with their own regulatory organization as to whether the program or the uniform certificate of attendance that we provide will be recognized by that authority. ITA programs are typically accredited by all mandatory CLE states.

### CLE/CPD CREDITS FOR ONLINE VIEWING

Certificates of attendance will be provided to all registrants for each Act viewed, provided that the registrant views the entire program and completes the prompt which will appear at the end of the program.

Upon registration, you will be provided with a unique PIN for each of the 9 Acts in the Set, the use of which allows us to issue you a certificate of attendance for each Act viewed and/or file the CLE on your behalf. Note that only the purchaser will be entitled to claim CLE/CPD credit in this manner, absent special arrangements for multi-user viewing. Absent such arrangements, we cannot issue CLE certificates or file the CLE if you watch the program without logging in, for instance with a colleague or in a group. See *multi-user viewing* below.

Upon purchase, online programs including the supplemental materials are available for viewing 24/7 for 12 months from the date of purchase.

These 9 Acts have been approved for Minimum Continuing Legal Education credit for online viewing by the State Bar of Texas Committee on MCLE through May 31, 2018, as follows:
