

Maria Belén Sosa Hontou is a member of the Banking and Finance and Corporate Consulting Department of **FERRERE**. Her practice is focused on consultancy regarding corporate matters, specializing in the area of banking and finance. She advises banks, security brokers, investment consultants and national and international companies about banking transactions in general, commercial contracts, and bond exchange negotiation and offers. Her work has included her participation in financing and securities issuance operations.

From 2012 to the beginning of 2014, as a member of the firm, she was an in-house counsel for IBM del Uruguay in the capacities of Country Counsel and Contracts & Negotiations Specialist of that company.

In the regulatory area, she participated in the redesign of the compilation system of Central Bank of Uruguay regulations and also participated in Project Finance and Trust's public offers. She studied at the Universidad de Montevideo and received her Law degree in 2011. She was part of CAILAW's 51st generation in 2014.
